

## **Mid-Atlantic CIO Forum Member benefits include:**

- For CIO Members:
  - Participation by CIO's and selected staff members (based on the topics) in nine monthly Forums through the year starting in September and continuing through May. We anticipate these meetings to be hybrid ones in the future.
  - Participation in two Security Networking Group (SNG) meeting annually, one in November and one in March, by CIO's and/or their CISO or Security Admins.
  - Two social events -- a golf outing in September and a May Social Event including guests.
  - Sharing in the awarding of 10 scholarships of \$5,000 each annually to TU STEM related students.
  - Sharing in selected grant awards as funds allow and as decided by the Board.
  - Networking with our community of CIO and Vendor members.
  - Assistance with placing interns or searching for candidates for positions member companies might have.
  - Assistance with questions they may have or evaluations they may be doing.
  - Participation in the topics' selection and development of the Annual Forum Program of meetings and events.
  - A Gartner update typically in October, and several key speakers annually like an Economist and/or Futurist which in some cases we pay speaker fees for.
  
- For Vendor Members:
  - Participation in five monthly Forums through the year starting in October and continuing through March. Typically, September and May are CIO Only meetings, and January and April are CIO Plus meetings. By Board vote, the January and April Forums may be opened to Vendor members. Vendor Members always participate in Forums that they are presenting at.
  - Participation in two Security Networking Group (SNG) meeting annually, one in November and one in March, by Vendor Member and/or their CISO or Security Admins.

- Two social events -- a golf outing in September and a May Social Event including guests. Vendor members typically get to input to who is in their foursome, and to provide golfer gifts if they elect.
- Sharing in the awarding of 10 scholarships of \$5,000 each annually to TU STEM related students.
- Sharing in selected grant awards as funds allow and as decided by the Board.
- Networking with our community of CIO and other Vendor members.
- Presenting every other year at Forum meetings, or more frequently based on the meeting topics and Vendor expertise.
- Assistance with placing interns or searching for candidates for positions member companies might have.
- A Gartner update typically in October, and several key speakers annually like an Economist and/or Futurist which in some cases the Forum pays speaker fees.
- Input to the annual topics' selection and planning process for the Forum Programs.
- Contact facilitation depending on what our CIO's and their companies may be looking for support on or in partnering with someone on.
